Subject: Notice of Release of Reclamation Surety, Ziegler Chemical and Mineral Corporation, Cowboy Bandana Mine, M/47/0013, Uintah County, Utah

Dear Mr. Ziegler:

The Division of Oil, Gas and Mining has recently authorized full release of the reclamation surety bond held for the Cowboy Bandana mine due to a transfer of the permit. The Division is also returning the original reclamation contract for your disposal or records.

The Division hereby releases you from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a Notice of Intention and reclamation surety to the Division and gain approval from any other appropriate agencies.

American Gilsonite Corporation is under a Division Directive to incorporate the disturbance areas contained within this permit into their Bonanza permit, file number M/47/0010. Once that information has been reviewed and approved by the Division, the file for Ziegler, M/047/0013, will be retired.

Please contact April Abate at 801-538-5214 or me at 801-538-5261 if you have any questions or concerns regarding this action. Thank you for your cooperation.

Sincerely,

Paul B. Baker  
Minerals Program Manager
